

Costs

The fees charged are used for the purpose of managing the fund. They include fund unit sales and marketing costs. The costs charged will reduce any increase in value.

One-off pre- and post-investment costs:

Front load fee:	0,00 %
Redemption fee:	0,00 %

These are the maximum rates that will be deducted from the amount which you invest either prior to your investment or prior to payment. Your broker can advise you of the current fees.

Costs deducted from the fund during the year:

Running Costs:	0,71 %
-----------------------	--------

"Running Costs" are calculated based on the figures for the last financial year ending on 31.03.2020. "Running Costs" include management fees and all fees charged in the previous year. Transaction costs are only included in "Running Costs" if charged by a company associated with the fund (e.g. depository bank). "Running Costs" may vary from year to year. The costs included "Running Costs" are explained in the current financial report under "Expenditure".

Past performance

The figure below illustrates the growth in the fund in EUR, net of all costs and fees deducted from the fund, but disregarding front load fees and redemption fees.

Past performance is not a reliable indication of future performance.

The fund was set up on 15.05.2012.

Calculation using OeKB method

NOTE: As of 12.04.2021, the fund will not be based on any benchmark.
